

# Our Home Escape Map

## Start Safe:

**Step 1:** Draw a map of your home. Show the rooms, doors and windows that go outside. Show where your smoke alarms are.

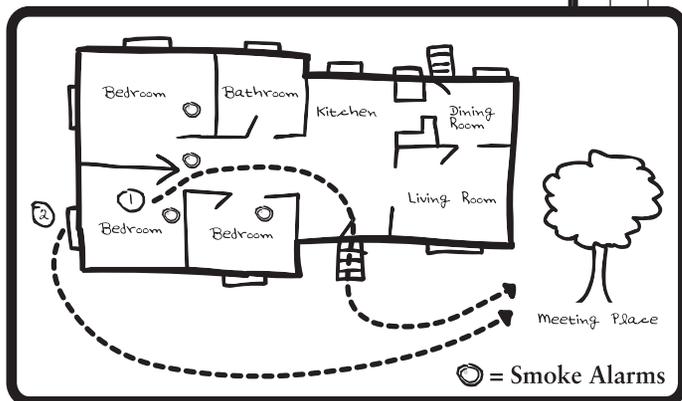

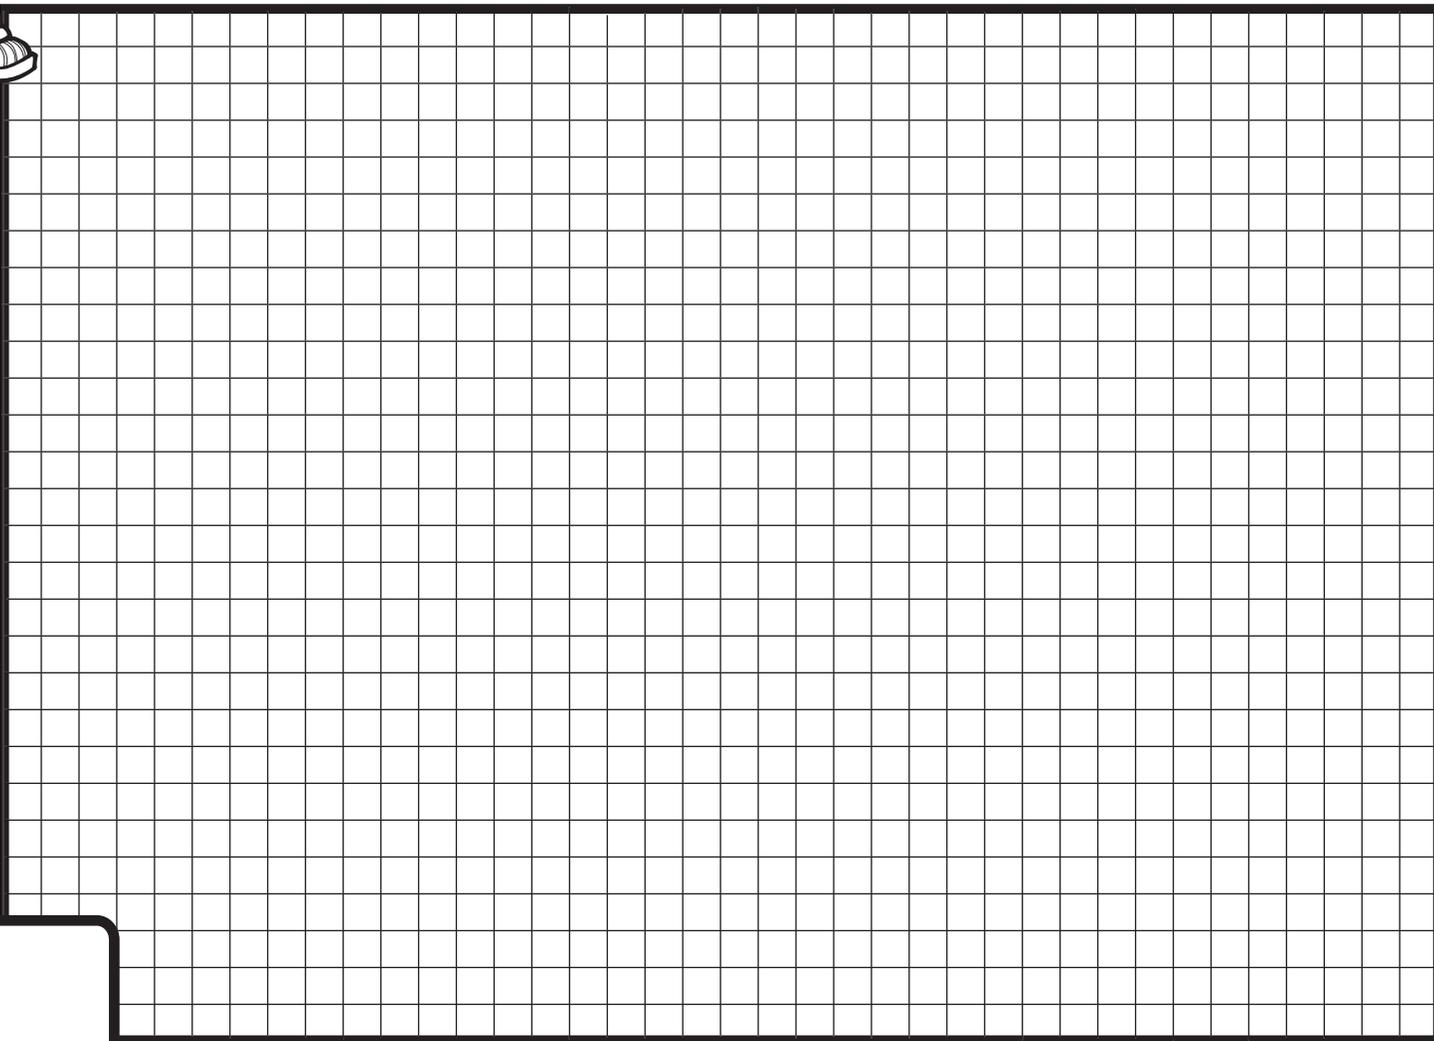

**Step 2:** Know 2 ways out of every room. Show them on the map. Make sure windows and doors open easily. But do not practice going out the window.

**Step 3:** Pick a safe meeting place outside. It should be in front of, and away from your home.

**Step 4:** Talk with your family about your plan. Show your children what to do.

**Step 5:** Have a family fire drill!

1. Push the test button on your smoke alarm.
2. Help your children get outside. Take your phone with you. Close the doors behind you.
3. Go to your meeting place. Pretend to call the fire department (911).
4. Tell your children in a real fire – **Get outside and stay outside.** Do not ever go back inside a burning building.

Our meeting place is: \_\_\_\_\_

Fire Dept. Phone Number: \_\_\_\_\_
