Access to the internet in the program rooms is provided by the City as an unsupported service. If a patron is unable to establish a connection, Library staff members are not permitted to provide technical support or provide advice in regards to making modifications to a PC in order to establish a connection.

Internet access is filtered such that there may be discrepancies between what is accessible on a program room port and a public PC. The selection of the filtering program and access to sites is solely within the discretion and judgment of the City.

As with the Public PCs, the Plano Public Library System Internet Policy and Library Code of Conduct Policy do apply.

The City of Plano expressly disclaims any liability or responsibility arising from the decision to filter, selection of a filtering program for Internet access, or use of information obtained through its electronic information systems.

Failure to comply with the above Policy will result in the denial of future program/conference room use. Questions regarding interpretation of the above Policy will be decided by the Director of Libraries.

I have read the PPLS Program Room Use Policy and understand that the **rental fees are nonrefundable**. By applying for a Program Room I am accepting this policy.
